

## **Kingston Implementation**

### **Staying Connected**

We really enjoyed meeting everyone at the Informal Engagement Event in November and are looking forward to getting to know you more over the coming weeks and months!

At the event we informed you that all relevant information would be shared through a page you can access on our website, I am aware that this was also communicated to the Candi staff through Ruari McCallion.

The link to this is [Moving to Via - via \(viaorg.uk\)](https://viaorg.uk) and you'll find some useful information there about our values and the Tupe transfer process.

There will shortly be a link to a Kingston 2024 page where more specific information will be shared including Q&A's, booking a 1to1, job descriptions and live updates.

### **What's happening now**

Due diligence: we're continuing to gather information in preparation for the formal TUPE Consultation, which will begin with the group consultation event on 16<sup>th</sup> Jan

The Measures Letter has now been sent out to you all, a copy of this will also be uploaded to the Kingston 2024 page in due course

### **What's to come**

The Kingston 2024 page will shortly be live and will continue to be updated as more information is available. It's important to familiarise yourself with this page as that is where all information and updates will be held.

The date for the Group Consultation is conformed as being Tuesday 16<sup>th</sup> Jan at 11am at the Kingston service location

1to1's will be made available for you to book onto through the Kingston 2024 page after the group event has occurred.

### **FAQ's**

We recognise this may not be the first TUPE experience for many of you but for others it will be. We want to support you throughout the process and aim to answer your questions or concerns in a timely way.

We'll be responding to the specific questions you have already asked on the Kingston 2024 page. There will also be opportunity to submit additional questions, as they arise.
